U.S. Utility Contractors Co., Inc. **First Recipient of Safety Excellence Award**

U.S. Utility Contractors, Co., Inc. was the recipient of the first Contractor Safety Excellence Award, presented at the membership meeting on February 19. U. S. Utility was among eight contractors who applied for this award. Scott Goodwin, our Safety Director, and Fritz Tresso, our Safety Committee Chairman, reviewed all of the applications and after a great deal of consideration, selected the contractor who demonstrated the best safety program. That contractor turned out to be U.S. Utility Contractors. Congratulations to Kathryn and Stanley Chlebowski, and Dave Grueshaber and Matt Dolgoff, and all the gang at U.S. Utility Contractor Co., Inc. on a fine accomplishment. We look forward to carrying on this award tradition within the NECA, Ohio/Michigan Chapter for many years to come.
